

## POWEROIL GEM CALCI NLGI 3

**POWEROIL GEM CALCI NLGI 3 GREASE** is high performance grease made from Calcium soap to withstand water ingress and high temperature.

It is used in lubrication of wheel -bearings, universal joints, and chassis and various shock loaded or vibrating application in transport, agriculture and off road vehicles.

### Advantages:-

It has got very high water and temperature resistance properties which makes it suitable for universal application thus optimizing the inventory.

### Typical Characteristics:-

Sr No	Characteristics	Specifications
1	Appearance/Color	Smooth Homogeneous/Yellow
2	Thermal Usage Range ° C	-10 to 60
3	Worked Penetration, 60x	220-250
4	Drop Point ° C	93 Min.
5	Base	Calcium

### Product Performance Claims:-

NLGI 3
