- Share of Exports increased from 44% to 49%.
- Revenue from HEC at 13%, many projects lined up for bidding.
- EBITDA per MT (post adj*) improves from Rs 10,980 to Rs 12,073.
- Volume down 16% YoY due to delays in customer project execution.
- Order book at Rs 2,436 , which is at a historical high.

Speciality Oils delivers 15% revenue growth

- Volume growth of 44% in Automotive, 59% in Industrial Lubricants, 12% in Rubber Process Oils – all derived from growth in Auto sector.
- Marginal drop in overall volumes - 2% YoY due to slower demand and high competition in the market for Transformer Oils, White Oils
- EBITDA per KL (post adj*) impacted due to inflationary pressure across all major inputs, price increase lags by a quarter.

Cables continue to deliver

- Strong growth in revenues of 26%.
 - Power Cables up 34% and Telecom Cables (OFC) up 83%.
 - Revenue from Cables increased due to good demand from Discoms, renewable sector, Railways & Defence. OFC revenue increased from BBNL orders and new customers.
- EBITDA margin, post forex adjustment is at 9.5%,

Good progress continues in the power sector

- Power Grid has set capex target at Rs 25,000 crore in FY19 and has signed an MoU with the power ministry. MoU includes various targets to be achieved by PowerGrid during 2018-19. Other targets in the MoU inter-alia include parameters related to human resources, project management, research & development, innovation and other efficiency and operational performance parameters
- UDAY scheme has helped debt laden discoms reduce annual losses by 70% to around Rs 17,350 crore in last two years. Also, gap between ACS (actual cost of supply of power) and ARR (Cost & Tariff rate) has reduced to Rs 0.24/kWh or by 57% over two years
- Govt. has proposed setting up EV's charging stations at every 3kms for cities and at every 50kms for highways. This leads to an expected requirement of 30,000 slow-charging points and 15,000 fast-charging stations in next 3-5 years
- PowerGrid and Tata Power planning 26 and 100 EV charging stations, respectively. PowerGrid would be setting up charging stations in three cities where as Tata Power is setting up 100 EV charging stations in Maharashtra

* After adjusting open period forex

- Revenue up 15%, led by growth in Industrial Oil (59.7%), Automotive Oils (44.2%) and rubber process oil (12.6%)
- EBITDA per KL, after forex adjustment for the quarter, declined on account of
 - Slower demand in Transformer & White oils putting pressure on price increases
 - Inflationary pressure across all major inputs
 - Client price push back and competitors willing to postpone increases to gain market share
- Export demand is also slow across middle East & Africa
- Credit position of many clients remains weak, restricting sales to limit exposure

Automotive segment reports strong growth

- Automotive segment delivered sales volume of 10,430 KL in Q1FY19, 44% higher than Q1FY18
- Increase comes largely from higher volume in OEM accounts.
- Price increases to compensate higher input costs will reflect partly in Q2 and fully in Q3 FY19.
- We expect volumes to grow at over 25% for the next 3 quarters.

Cables business continues to deliver robust and profitable growth
