

POWEROIL MOULD 22 MOULD RELEASE OIL

POWEROIL MOULD 22 is a concrete mould release oil manufactured from highly refined base oils, fortified with special additives to impart good surface finish to the moulded product.

CHARACTERISTICS	POWEROIL MOULD 22
ISO VG	22
Kinematic Viscosity @ 40°C, cSt	22
Flash point (PMCC), °C., Min.	150
Pour point, °C., Max.	-12
ISO VG	22

The above properties are typical values and do not constitute specification of the product

APPLICATION:

- Recommended for use as mould release oils during production of concrete sleepers, spun pipes and other molded products.
- The product can also be applied by Aerosol system.

PERFORMANCE BENEFITS:

- Excellent demoulding characteristics with good surface finish
- Non-toxic
