Notes:

- The above unaudited financial results were reviewed by the Audit Committee of Directors and approved by the Board of Directors at their meeting held on 31st October, 2011. The statutory auditors of the Company have carried out a limited review of the above standalone financial results for the quarter ended 30th September, 2011.
- Effective 1st April, 2011, the Company has started accounting for derivative contracts, entered into to hedge commodity/ forex unexecuted firm commitments and highly probable forecast transactions. Gains or losses arising out of fair valuation of derivative contracts are recognised in the profit and loss account or balance sheet, as the case may be, after applying the test of hedge effectiveness. Gains or losses are recognised as 'Hedge Reserve' in the balance sheet when the hedge is effective and where the hedge is ineffective the same is recognised in the profit and loss account. Gains and losses on roll over or cancellation of derivative contract which qualify as effective hedge are recognised in the profit and loss account in the same period in which the hedge item is accounted. Accordingly, mark to market (MTM) losses of Rs. 166.41 million as on 30th September, 2011 on commodity derivative contracts have been debited to 'Cash Flow Hedging Reserve' in the books of account for the period ended 30th September, 2011. This change in the accounting policy has no effect on the profit for the quarter and period ended 30th September, 2011.
- Due to unprecedented depreciation of Indian Rupee, the Company has incurred exchange loss of Rs 424.81 million during the Quarter. The inclusion of this loss/(gain) in various heads with break-up of Realised/Unrealised is as follows:
