Funskool resets the playground

The MRF-owned toy company is targeting millennial parents with new international brands and a fresh retail and marketing thrust

TE NARASIMHAN
Chennai, 13 January

With a keen eye on the behavioural and consumption patterns of parents' of new-borns and millennial toy buyers, Funskool is expanding its portfolio of labels for early learners. Its aim is to keep the brand relevant amidst an overall slowdown in the business and at the same time, with a greater push towards online marketing and retail, keep the cost of new launches under control.

The \$1.4 billion Indian toy industry is under pressure. And for Funskool, a traditional toy brand that has spent the past 30-plus years building its retail network offline, these are challenging times. Hence the need to find markets resilient against economic slowdown and keep costs down. "Funskool has had a decent run as a brand. The products have good consumer connect and consistently good quality. The challenge for them is to continue to innovate as streaming content and toons dislodge toys for kids and parents, for share of attention,

entertainment and pocket," says Sandeep Goyal, founder of Mogae Media.

The retail and marketing digital focus is driven partly out of the need to keep costs down but also because it helps take the brand into hitherto uncharted geographies. At present, Funskool said, around 15-20 per cent of its business is generated online, especially in the small towns. The company has also been using digital channels to market its new toys to young parents.

Funskool has recently acquired the licensing rights for VTech, a Hong Kong-based electronic toy manufacturer, Japanese brand Sylvanian Families that makes toy collectibles, Bunchems brand from Canadian firm Spin Master and Thailand-based PlanToys—all aimed at the infant to pre-school kids segment.

Urban Indian parents want safe toys that also tick the boxes on sustainability and age-appropriate learning abilities

for their infants and toddlers. John Baby, CEO, Funskool India says that by bringing new brands for this segment into the country, the company is tapping into the opportunities in the market. However, he says,

"Funskool is constantly investing and working on new products from its own stable and the share of its own products in its toy business will touch 50 per cent by 2021." It used to be just 20-odd per cent of the total pie three to four years back.

The international line-up is aimed at well-travelled young Indians while a stronger digital presence is meant to unlock the potential for all brands in the Funskool stable. Baby expects the present market share of 10 per cent to go up to 15 per cent but does not pin a timeline to his projections. Funskool's revenue has stayed nearly flat at ₹225 crore in FY2019 and new products and launches are expected to spike the curve. Through sustained digital campaigns, the brand also expects to emphasise its brand values

and present a credible alternative to cheap toys made in China. "Funskool is a nifty brand. It has the ability to leverage the best partnerships to produce affordable toys. Its success is its price," says Harish Bijoor, founder Bijoor Consults.

Baby says, "The way forward is through new launches and concepts." He believes that Funskool as a brand can entrench itself deeper into the marketplace by offering a good mix of global and local labels.

"For example, for VTech, there is no competition in the electronic toys segment. To build a similar product it will take a decade of struggle and investment," Baby says. The infant to pre-school segment (new born to 36 months old) is the biggest category and is globally around 30 per cent of the toy market. In India, it is around 33 per cent of the market and this is where Funskool wants to stamp its dominance. It has its own label Giggles with around 130 products that serves this market but Baby believes the category can hold up to 3000-5000 products.

While the focus is on building an arsenal of labels for the early-learning category, the company is also keen to explore emerging trends of play with unique products and concepts. Funskool has teams working on design and packaging of new games for all ages, even for low-volume segments such as the emerging opportunity for board game cafes. The company has also begun working with influencers to build an identity for the brand online and is engaging with numerous on-ground promotional efforts.

According to market research firm IMARC Services, the Indian toy market was worth \$1.5 billion in 2018, registering a compound annual growth rate (CAGR) of 15.9 per cent during 2011-2018. The market is further projected to cross \$3.3 billion by 2024, growing at a CAGR of 13.3 per cent during 2019-2024. All these projections may well crumble under the onslaught of a prolonged slowdown, hence the hunt for resilient markets by brands of all shades and hues.

Sebi blinks...

Legal experts said the move gave India Inc a big reprieve

"Many large listed companies were struggling with this issue, and were being forced to make hasty decisions on succession. With the extension, they have a good two years to carefully select suitable candidates. We anticipate many promoter-run listed companies will now make succession planning a top priority in 2020," said Rishabh Shroff, Partner, Cyril Amarchand Mangaldas.

According to data by NSEinfobase.com, more than 200 companies are required to make changes to their board structure to meet the rules.

At the regulator's last board meeting, Sebi Chairman Ajay Tyagi had said the norm was aimed at improving corporate governance, and that corporates had been given enough time to meet the requirement.

Retail inflation...

Twelve of the 22 states (including UTs) recorded higher inflation than the overall inflation of 7.35 per cent during the month. Odisha recorded the highest rate of inflation (9.4 per cent) during the month followed by Telangana (9.4 per cent), and Uttar Pradesh (8.9 per cent).

Madan Sabnavis, chief economist, CARE Ratings, said: "Statistically, CPI

inflation will be handicapped by low base effect in January, which will increase in the next two months. On the other hand, moderation in prices of onions and other vegetables, which has been witnessed in January already, could support the moderation in overall inflation."

Fiscal deficit...

However, compared to what the Centre actually achieves this fiscal year, it could be a fiscal contraction.

In the pre-Budget meetings, economists and experts have been advising Sitharaman and Prime Minister Narendra Modi to leave aside fiscal concerns and embark on an expanded expenditure programme to revive the economy.

Business Standard has learnt that in the meetings held in the topmost levels of the government, policymakers have debated on whether to go on a spending spree or stick to a fiscal consolidation road map.

While a number of bureaucrats have advised on leaving aside budgetary concerns, the political leadership is of the view that fiscal discipline has to be maintained.

"The political leadership's view hasn't changed from the first term of this government. There has to be some discipline, even if the advice from others has been to go for substantial slippage," said a senior official aware of these deliberations.

A second official said that a fiscal slippage next year does not mean the government will risk deviating heavily from the Fiscal Responsibility and Budget Management (FRBM) Act. "The aim is to always stay on a fiscal glidepath, with a 3 per cent medium-term target," a second official said.

This, of course, means that like every time since the FRBM Act first came into force in 2003, the 3-per cent medium-target will be further pushed down the road and could be delayed by another two years or so.

The Centre is expected to have heavy expenditure commitments next year. The data given in the NIP report hints that the Centre's capital expenditure commitments could come close to ₹4 trillion, while the revenue expenditure burden will also increase in absolute terms, even as the government examines the ways out of a sustained slowdown across sectors.

The first advance GDP estimates for FY20, released

earlier this month, showed that nominal GDP is expected to grow 7.5 per cent this fiscal year, while real GDP growth is expected to grow 5 per cent — the slowest in more than a decade.

Budget-makers hope that the revenue situation will be much better next year, on the back of an economic rebound increasing tax collections, and the expectation that privatisation plans, which don't see fruition before March 31, will be completed after that, thus, reflecting in the revenues for FY21.

Banks, bankers...

A footnote on penalties, added: "This may be in addition to direction to banks to file insolvency application under the Insolvency and Bankruptcy Code."

The central bank's internal review of 13 banks' stressed assets initially assigned under its June 7 circular — of ₹2,000 crore and above — notes that an ICA is yet to be signed for exposures amounting to ₹33,610 crore while the same has been signed with respect to aggregate exposures of ₹6,075 crore. And resolution plans (RP) have been implemented only with respect to one borrower with a reported exposure of ₹1,617 crore.

The move to draw in the senior management as part of a stricter compliance regime follows from the RBI's stance that lenders must put in place board-approved policies for resolution of stressed assets, including the timelines for resolution. Since default with any lender is a lagging indicator of financial stress faced by the borrower, it is expected that the lenders initiate the process of implementing a RP even before a default.

Wadia withdraws...

He was then removed from the boards of all the three companies. The high court suit followed.

At last week's hearing, Chief Justice S A Bobde said both Wadia and Tata were mature people and leaders of industry. "Why don't you both settle the matter? Why don't you sit together and resolve your differences? Do you all need to pursue litigation like this?" Bobde had said. The bench also comprised judges B R Gavai and Surya Kant.

Senior advocate A Sundaram, who appeared for Wadia, said his client had nothing against the Tata group and was not claiming any defamation caused to him by his removal from the boards. "I am not against the company which removed me. I am against those people who requisitioned for the resolution, which was eventually leaked to the media," he had said on behalf of Wadia.

તા.૧૦ થી ૨૦ જાન્યુઆરી

કોઈ પક્ષી જીવ ન ગુમાવે તે માટે સરકારનો શ્રેષ્ઠ અભિગમ

ઘવાયેલાં પક્ષીઓની સારવાર માટે
કરુણા એનિમલ એમ્બ્યુલન્સ
હેલ્પલાઈન નંબર ૧૯૬૨

આટલું કરીએ
સવારે ૯.૦૦ વાગ્યા પહેલાં અને
સાંજે ૫.૦૦ વાગ્યા પછી પતંગ ના ઉડાવીએ.
ચાઈનીઝ માંજા તરીકે ઓળખાતી પ્લાસ્ટિક કે
કાચના માંજાવાળી દોરીઓનો ઉપયોગ ન કરીએ.

બે પંખ જોડી વિનવીએ તમને, ગણીને તમારા સ્વીકારી લો અમને,
પુણ્ય પર્વ મકરસંક્રાંતિ આવ્યું, સુખેથી ગગનમાં વિહરવા દો અમને.

- કોઈ ઘવાયેલું પક્ષી જોવા મળે તો તેને સારવાર માટે નજીકના સારવાર કેન્દ્રએ પહોંચાડીએ.
- ચાઈનીઝ દોરી ઉપર પ્રતિબંધ છે તેનો ઉપયોગ ન કરીએ.
- હિતરાચણ પછી તમારી આસપાસ પતંગની નકામી દોરીઓ ભેગી કરીને તેનો નાશ કરીએ.

- ગયા વર્ષે રાજ્યમાં કુલ ૧૪,૪૧૧ પક્ષી રેસ્ક્યુ કરવામાં આવેલ છે. જે પૈકી ૧૩,૪૨૫ પક્ષીને સારવાર કરીને છોડવામાં આવ્યા હતા.
