AUTOMOTIVE OIL LUBRICANTS

POWERFUL PERFORMANCE AND PROLONGED PROTECTION

ABOUT US

ABOUT APAR GROUP

APAR Industries Limited is a leading manufacturing company with a leadership position in its three core business segments of speciality oils, conductors and cables, with a billion-dollar turnover. Our other businesses include lubricants, speciality automotive and polymers. Our products have a significant market share in India and are sold in over 125 countries.

We are India's fastest-growing Industrial and Automotive lubricant manufacturers. We offer high-quality, cost-effective solutions, super clean oils and effective lube management. APAR manufactures and markets 3 lubricants brands - POWEROIL, Eni & ARKOS.

APAR manufactures a wide range of industrial, automotive and specialty lubricants at our state-of-art blending plants at Rabale in Mumbai, India. under SCADA controlled operations accredited with ISO 9001: 2015 & ISO 14001-2015, IATF 16949: 2009, OHSAS 18001: 2007, GMP quality systems providing high accuracy blending. Our quality control laboratory is accredited with NABL and is approved by DSIR.

POWEROIL lubricants are exported to 50+ countries and primarily cater to industrial customers and retail auto lube markets through local channel partners. To provide the best solutions to meet the complex needs of modern engines, our team works closely with major automotive manufacturers from across the world.

The comprehensive range comprises more than 150 Grades of Automotive & Industrial Lubricants meeting the latest International Standards & specifications. These Lubricants are manufactured utilizing Hydro-treated and Hydro-cracked synthetic base oils, which give a distinct advantage in performance over similar products made utilizing conventional base oils.

All our products meet the latest BIS and international standard specifications. The well-equipped sophisticated laboratory accredited with ISO 17025 at our Rabale plant includes special testing equipment like trace metal analyzer, FTIR, UV analyzer, particulate counter, cold cranking simulator, salt spray testing, foaming & emulsion test apparatus, air release value and 4 ball weld load testing equipment and more, to offer effective pre and post sales services to our customers. On-line vacuum and microfilters are also part of our production systems, which ensure clean and super clean oils meeting the stringent ISO 4406 classification advantage in performance over similar products made utilizing conventional base oils.

POWEROIL CRUISE SONIC SAE 10W40 API SN/CF, ACEA A3/B4

It is a fully synthetic engine oil for Petrol as well light duty diesel engines for all modern and luxury cars, MUVs, SUVs etc. It boosts the engine power and provides better mileage. It can be used in all types of Petrol, Diesel, CNG or LPG cars of any make or model for higher performance and better protection of engine parts.

Available in: 1L, 4L, 5L, 20L 209L.

POWEROIL CRUISE SONIC LS SAE 5W 30 API SP, ACEA C2/C3

It is a mid SAPS Synthetic engine oil for cars and light-duty diesel engines fitted with DPF requiring mid SAPS engine oils additive technology for better deposit control. It keeps the engine free from deposits and also prolongs the life of the after-treatment device. It also gives fuel economy over conventional oils ensuring substantial cost savings.

Available in: 1L, 4L, 5L, 20L 209L.

POWEROIL CRUISE SONIC SAE 5W40 API SN/CF, ACEA A3/B4

It is a fully synthetic engine oil for Petrol as well light duty diesel engines for all modern and luxury cars, MUVs, SUVs etc. It boosts the engine power and provides better mileage. It can be used in all types of Petrol, Diesel, CNG or LPG cars of any make or model for higher performance and better protection of engine parts.

Available in: 1L, 4L, 5L, 20L 209L.

POWEROIL CRUISE SONIC PLUS SAE 5W30 API SN/CF

Is a fully synthetic engine oil designed to keep the engine running like new even in the most severe operating conditions. It exceeds the latest performance standards stipulated for the crankcase lubrication of modern engines. The product is recommended for use in all new generation cars and multi-utility vehicles. It is fuel-conserving engine oil.

Available in: 1L, 4L, 5L, 20L 209L.

POWEROIL CRUISE MULTI SAE 20W50 API SL/CF

Latest car engine oil for MPFI, Common Rail, Turbo or Multi Jet engines. It provides all-around protection for your car engines from wear and corrosion. It can be used in any type of Petrol, Diesel or CNG/LPG car. It keeps the engine clean from high-temperature deposits and sludge.

Available in: 1L, 4L, 5L, 20L 209L.

POWEROIL CRUISE SAE 40 & SAE 50 API SF/CF

CRUISE SAE 40 & SAE 50 are universal engine oils made from high-quality base oils and formulated with additives to provide superior engine protection from heat, friction and corrosion. It protects all vital engine parts in stressful city driving as well as highway driving.

Available in: 1L, 4L, 5L, 20L 209L.

POWEROIL PREMIUM HD SUPER SAE 15W40 API CK4

Premium HD super is the most advanced diesel engine oil for EURO VI and the earlier version of engines. It is compatible with after-treatment devices used for emission control like EGR, SCR, DPF etc.. It performs best with low sulfur fuel but can also be used with high sulfur fuel.

Available in: 1L, 4L, 5L, 20L 209L.

POWEROIL PREMIUM HD SAE 15W 40 API CI4/SL

Premium HD 15W40 oil is made from technologically advanced base oil for all latest Heavy Duty Diesel Engine meeting EURO III or earlier emission norms. It is thermally stable, has good dispersancy and detergency properties to keep the engine clean, and provides a longer oil drain interval.

Available in: 1L, 4L, 5L, 20L 209L.

POWEROIL SUPER MAXIMA HD SAE 10W40 API CJ4

Super Maxima HD is fully synthetic engine oil for longer drain and high performance. It is compatible with all after-treatment devices. It keeps the engine parts free from deposits and has high oxidation resistance ensuring longer oil life and better lubrication.

Available in: 1L, 4L, 5L, 20L 209L.

POWEROIL PREMIUM MULTI SAE 15W 40 API CH4

PREMIUM MULTI 15W40 is a high-performance Heavy Duty Diesel Engine oil for all turbo-charged diesel engines of HCV, LCV, DG SETS or Off-Road equipment. It has very high oxidation and thermal stability and stays in the right viscosity grade to provide optimum lubrication to important engine parts. It keeps the engine clean from any deposits and protects it from corrosion. It flows very fast to the turbocharger at times of cranking to avoid dry running of the turbocharger bearing and protects it from wear.

Available in: 1L, 4L, 5L, 20L, 209L.

POWEROIL PREMIUM SAE 15W 40 API CF4/ SF

It is a Unique Multi Grade Diesel Engine oil meeting the performance requirement of API-CF4 and is used for Heavy Duty Diesel Engines of HCV, LCV, DG SETS, Tractor, Jeeps, 3-Wheeler, Earthmoving and Off-Road vehicles.

Available in: 1L, 4L, 5L, 20L, 209L.

POWEROIL BLAZE 4T SYNTH SAE 10W40 API SN, JASO MA2

It is a fully synthetic 4-stroke motorcycle oil for better performance in modern motorcycles. It has a long drain interval and retains its viscosity over a long period even under severe operating conditions. Recommended for all modern 4-stroke motorcycles requiring SAE 10W40 oils t's low viscosity properties ensure better mileage.

Available in: 800ml, 1L, 209L.

POWEROIL BLAZE 4T SCOOTER SAE 10W40 API SN, JASO MB

A technologically advanced synthetic 4-stroke SCOOTER engine oil formulated with special additives to protect engine and transmission parts under high RPM and heat. It has a super strong film to withstand high load and stressful stop-start city driving and accelerated highway driving conditions.

Available in: 800ml, 900ml, 1L, 209L.

POWEROIL BLAZE 4T SAE 20W50 API SL, JASO MA2

High-performance 4-stroke motorcycle oil is specially made from high-quality base oil and superior additives to retain its viscosity during use, providing uniform lubrication to vital engine parts. It avoids clutch slippage thus enhancing the clutch life and better mileage.

Available in: 800ml, 1L, 20L, 209L.

POWEROIL BLAZE 4T OPTIMA 20W50 API SJ, JASO MA2

Value for money universal 4-stroke motorcycle oil made from quality base oils and high-performance additives to retain its viscosity during use which provides uniform lubrication to vital engine parts. It avoids clutch slippage thus enhancing the clutch life and better mileage.

Available in: 800ml, 1L, 20L, 209L.

POWEROIL GEAR SAE 80W90 API GL4

POWER GEAR 80W90 is a superior multi grade gear oil manufactured from high quality base oils to ensure excellent protection from wear for longer gear life, smooth gear engagement for minimum power loss and superior lubrication at all operating temperatures.

Poweroil Gear is recommended for Gearboxes of all Heavy and Light Duty HCV, LCV, Passenger Vehicles.

Available in: 1L, 4L, 5L, 20L, 209L.

POWEROIL GEAR SAE 85W140 API GLS

POWER GEAR 85W140 is a multi grade Axle/Differential gear oil having capacity to withstand high load and extreme pressure. It forms a strong layer on gear metal to avoid metal contact thus prolongs the gear life.

Poweroil Gear is recommended for Hypoid Rear Axles or differential Gears of all types of Vehicles.

Available in: 1L, 4L, 5L, 20L, 209L.

POWEROIL GEAR SAE 75W 90 API GL5

POWEROIL GEAR SAE 75W90 is a fuel efficient gear oil formulated with synthetic base stocks with particular EP characteristics and an exceptional viscosity-temperature curve which guarantees high fluidity at the lowest temperatures.

It is specifically formulated for satisfying level of performance for lubrication of gearbox-differential systems of the new generation vehicles.

Available in: 1L, 4L, 5L, 20L, 209L.

POWEROIL ATF D III DEXRON III H

POWER AUTOMATIC TRANSMISSION FLUID D III H is a fully synthetic automatic transmission fluid designed to provide smooth and efficient operation in all modern automatic transmission and power steering.

POWER ATF D III is recommended for use in automatic transmission application including automatic gearboxes and power assisted torque converter or steering assemblies.

Available in: 500ml, 1L, 4L, 5L, 20L, 209L.

POWEROIL ATF D II DEXRON II D

POWER AUTOMATIC TRANSMISSION FLUID D II is a high performance automatic transmission fluid designed to provide smooth and efficient operation in all modern automatic transmission and power steering.

Power ATF D II is recommended for use in Automatic Transmission application including automatic gearboxes and power assisted torque converter or steering assemblies.

Available in: 500ml, 1L, 4L, 5L, 20L, 209L.

POWEROIL ANTIFREEZE OAT

It is a long life radiator coolant with OAT technology for better and uniform cooling, better rust protection and does not allow deposits on cooling path. We have both concentrate as well as ready to use coolant as per requirements.

Available in: 500ml, 1L, 4L, 5L, 20L, 209L.

POWEROIL BRAKE FLUID DOT 3 & 4

It is a synthetic brake fluid with high EBRP & optimum viscosity at high as well low temperature for effective and smooth braking operation. It is recommended for all types of automotive application where DOT 3 & DOT 4 brake fluids are required. It is not compatible with silicon based brake fluid.

Available in: 250ml, 500ml, 1L, 4L, 5L, 20L, 209L.

POWEROIL GEM MULTI MP3 - NLGI 3

POWEROIL GEM MULTI Mp3 is a premium quality multi-purpose grease with excellent oxidation stability, high temperature and water resistant properties.

Poweroil Gem Multi Mp3 is recommended for use in Wheel Bearing and Hubs, Universal Joints, Water Pumps Bearings, Steering and Chassis parts of all automotive vehicles.

Available in: 500ml, 1kg, 3kg, 18kg, 180kg.

POWEROIL GEM EP3- LC – NLGI 3

POWEROIL GEM EP3 is lithium complex extreme pressure grease for use in automotive and construction equipment application. It has very high drop point making suitable for high temperature application. It has good properties to withstand shock load and good water resistance.

Poweroil Gem EP3-LC is recommended for use in Wheel Bearing and Hubs, Universal Joints, Water Pumps Bearings, Steering and Chassis parts of all automotive vehicles.

Available in: 500ml, 1kg, 3kg, 18kg, 180kg.

ADBLUE – DIESEL EXHAUST FLUID

It is VDA approved Diesel Exhaust fluid meeting AUS 32 specifications for usage in diesel engines fitted with SCR after treatment devise for reducing NOX. It is made from high grade Urea and well treated water under strict quality control for better NOX reduction. We sell this under AdBlue brand.

Available in: 10L, 20L, 209L, 1000L.

INDUSTRIAL OILS & GREASES

Hydraulic oils	Gear oils	Compressor oils	Long-life turbine oils
Cylinder oils	Refrigeration oils	Metalworking fluids	Automotive engine oils
Wire drawing/Forming oils	Automotive engine oils	Automotive & Industrial Gear oils	Transmission fluids
Glass mould oils	Shuttering oils	Heat treatment/ Quenching oils	Heat transfer fluids
	Industrial and Automotive greases	Other speciality industrial oils for specific applications
