

Mr. Manish Agarwal joins APAR as Chief Executive Officer – Conductor & Telecommunications Businesses

Mumbai, 5th July 2024:

We are pleased to inform you the appointment of Mr. Manish Agarwal as the **Chief Executive Officer – Conductor & Telecommunications Businesses**. He has also been appointed as **Managing Director – APAR T&D** for APAR Transmission & Distribution Projects Private Limited.

Prior to joining APAR Industries, Mr. Agarwal held the position of Chief Executive Officer and Whole Time Director at Sterlite Power Transmission Limited, where he led the company's Global Products & Services (GPS) business. His extensive experience and proven track record of success at Sterlite Technologies Ltd (STL), Optical Link Inc. USA, Center for Rural & Regional Information (CRR), Australia, etc will undoubtedly strengthen APAR's capabilities and help the company achieve its growth objectives.

Mr. Agarwal is a Harvard alumnus and an energy infrastructure specialist with an impressive career spanning over 27 years. A veteran in the power and telecom sectors, he is renowned as a leading voice shaping policy priorities in the manufacturing, specialized EPC, and infrastructure industries. He is a passionate proponent of disruptive technologies and has played a pivotal role in driving their adoption in the transmission sector. He is also a well-regarded champion of key industry matters including concession/public-private partnership, Make in India, rebuild/upgrade of transmission/distribution infrastructure, massive fiberization of power transmission corridors, technology adoption etc.

With his expertise and industry-shaping initiatives, APAR is poised to redefine the future of the energy sector.

About APAR Industries Limited:

Founded in 1958, APAR Industries Limited is a diversified billion-dollar conglomerate with a strong presence in over 140 countries.

As the largest aluminium and alloy conductor manufacturer and the 3rd largest transformer oil manufacturer, the company enjoys a leadership position in the global markets. APAR also offers over 350 grades of speciality oils, the largest range of speciality cables, lubricants, speciality automotive and polymers.

Backed by innovative products and seamless service the company has become a trusted brand among major transformer OEMs, power utilities, EPC majors, automotive OEMs and telecommunication

companies globally. The company is poised to continuously develop new products and solutions for its customers, equipped with technologically advanced R&D centres and 10 manufacturing facilities, to deliver tomorrow's solutions today.
